Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a print control apparatus for receiving a print job including print data from an external apparatus comprising generation means for generating image data by analyzing the print data, wherein the generation means analyzes the print data of an interrupted print job stored in storing means including the print data portion that has already been analyzed by the generation means, after the analysis of the print data of the identified job is completed as claimed in claim 1. Similar features are claimed in claims 25, 27, 57, 81, 83, 113, 137, 139, 169, 193, and 195. Therefore, claims 25, 27, 57, 81, 83, 113, 137, 139, 169, 193, and 195 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
